

V. Bezruk, S. Krivenko and L. Kryvenko, "The Pareto chart of caries intensity evaluation for children with allergic diseases," 2015 Second International Scientific-Practical Conference Problems of Infocommunications Science and Technology (PIC S&T), Kharkiv, 2015, pp. 110-111, doi: 10.1109/INFOCOMMST.2015.7357285.

I. Introduction

The following paragraph is a typical example of a statistical analysis for allergic diseases research [1].
